FIRST N100 FOR NORDHAVN

Nordhavn has delivered its first custom N100, *Serenity*. Based on the hull of the Nordhavn 86/96, this yacht has a sportfishing cockpit with an elongated transom and swim platform that extends her length by 3 feet. Inside are five ensuite guest staterooms plus quarters for four crew. The contemporary interior by Destry Darr includes walnut paneling with stainless steel inlays, Lutron lighting and intricate stonework. The N100 has twin 600-horsepower Caterpillar C18 engines and a reported range of 3,000 nautical miles. *nordhavn.com*

COCKWELLS TITIAN TENDER UNLEASHED

Cockwells' Titian Tender, based on an RWD concept, is the British builder's latest boat to hit the water. It is 34 feet (10.5 meters) in length and constructed of composites combined with yellow cedar and teak. The boat accommodates six guests. Features include copper-infused caulking, stainless-steel fittings, twin jet drives, dynamic positioning, touchscreen EmpirBus control systems, a Corian and copper galley, and an automated Bimini cover. The Titian has twin 320-horsepower Yanmar 8LV engines. *cockwells.co.uk*

COMING TO THE MALDIVES

A new island city and marina planned for the Maldives is set to open in 2020. The Hulhumalé Yacht Marina will hold 300 yachts and provide attractions and services. The marina is part of the coastal development proposed for the western side of Hulhumalé Island. In addition to water sports facilities, the marina will have retail shops, restaurants, a yacht club, an exhibition space and dry-berth facilities. Hulhumalé Island is located 5 miles off the northeast coast of Malé, the capital of Maldives. *maldives.com*
